

Hey everyone!

Christian here, with some between-chapter bonus content for you. This is the Ask The Once And Future Nerd audience Q&A that we recorded last month. Sneak preview - we spent like 35% of the time answering audience questions about Chapter 9 and about 65% of the time arguing over who is the sexiest character in our show. It was a lot of fun to record, and I think it'll be fun to listen to.

But first, some show announcements, starting with some very exciting personal news, which is that Zach, my co-producer, became a Dad at the end of last year. So lots of love to Zach and the fam, Mom Dad and baby are all doing great - just very tired and very busy as you might imagine. The upshot of that though is that we're going to have a longer break than we've been having between Chapter 9 and Chapter 10. That's so that Zach can give his family the attention they deserve, so that I don't burn out trying to do double duty, and so that we can do the conclusion of Book 2 justice. Chapter 10 will be the final chapter of the Book, and you may have noticed we have a lot of big plot stuff to resolve. It's shaping up to be pretty epic so we want to make sure that it's epic AND good.

So in any case, our Patreon is currently paused. It's going to remain paused until we post otherwise. So stay tuned to all our socials for news on that front. We will keep you updated about Chapter 10 as soon as there's something to tell. In the meantime, enjoy this Q&A!
